The diagram illustrates a dependency structure. At the top, a grey box contains a file path: C:/Users/Pedro/Documents /4periodo/EngSoftware_1 /Sprint5/MyVensim/src/flow.hpp. A blue arrow points from this box to a white box labeled system.hpp. Another blue arrow points from system.hpp to a grey box labeled string. Additionally, a curved blue arrow points directly from the top box to the string box, indicating a direct dependency.
